

Annual Spring Fundraiser / May 18, 2019

At Mountaineer Montessori School, children are free to fly!

Our child-centered approach to education fosters learning without limits, offering students the time, space and encouragement to go as far and as high as they can. We currently serve 140 students ages 3-14, offering a world class education experience that **strengthens our community today and tomorrow.**

On May 18, 2019, we will present our annual spring gala, "Flight of Fancy," at the Woman's Club of Charleston. Founded in 1976, MMS is an independent non-profit organization that receives no government funding. "Spreading Our Wings" is a major fundraiser for our school, generating critical support of our financial aid, teacher appreciation and specialty programs.

We invite you to support education that elevates with a donation to our gala auction. Your contribution will help us reach our goal and **showcase your commitment to our community's children** through a sustained marketing campaign, event acknowledgements and website listing. (Please see our website for details.)

Community partners like you are vital to helping MMS increase access to area families seeking education alternatives. Thanks to the success of our fundraisers, MMS has been able to **triple our financial aid program over the past five years.** Your support can help us serve more children and prepare the next generation of business leaders, innovators, community builders and engaged citizens who can help West Virginia realize its future.

Please rise to the occasion for education with your donation today!
