What if there were no limits to what you could learn?

That's what every day is like at Mountaineer Montessori! Our out-of-the-box, out-of-the-classroom approach to education empowers the potential in each child and creates an inspired future for our students, community and world.

Founded in 1976, Mountaineer Montessori is West Virginia’s original and largest Montessori school, offering a world-class educational experience to 142 students ages 3-14 right here in Charleston.

On March 28, 2020, we will present our annual spring gala, “An Epic Evening,” at the Woman’s Club of Charleston. Founded in 1976, MMS is an independent non-profit organization that receives no government funding. “An Epic Evening” is a major fundraiser for our school, generating critical support of our financial aid (nearly $50,000/year to local families), teacher appreciation and specialty programs.

We invite you to support education that elevates with a donation to our gala auction. Your contribution will help us reach our goal and showcase your commitment to our community’s children through a sustained marketing campaign, event acknowledgements and website listing. (Please see our website for details.)

Community partners like you are vital to helping MMS increase access to area families seeking education alternatives. Thanks to the success of our fundraisers, MMS has been able to triple our financial aid program over the past five years. Your support can help us serve more children and prepare the next generation of community builders, entrepreneurial thinkers, innovators and citizens who can help West Virginia realize its future.

Please rise to the occasion for education with your donation today!
